

Basel meets Queen Mary

Workshop der BGSH in Kooperation mit QMUL, Basel - 11.-12.05.2023

As part of our cooperation with Queen Mary University of London (QMUL), we are once again hosting our annual joint workshop at which PhD students from both universities present their projects. The workshop deliberately has no thematic, epochal, or regional focus, as it aims to provide unfiltered insights into current research debates at both universities and an opportunity for casual networking. The presentations and discussion will be in English. In May 2022, the workshop will take place in Basel.

Wann: Donnerstag, 11.05.2023 & Freitag, 12.05.2023
Wo: Universität Basel
Kontakt: marino.ferri@unibas.ch
Anmeldung: Please register directly via the Course Directory
